### **Career Objectives**

I am a passionate individual who is always ready to grab learning opportunities, thereby up-skilling and adapting myself to the rapidly changing technology advancements. An experienced developer with a proven history of work in the front-end as well as database technologies, I am ready to try out new challenges as part of my efforts towards making a great career.

### **Highlights**

2 years and 2 months experience in Tech Mahindra in Software Development and Testing in Telecom domain. Seeking employment as a frontend developer with knowledge in AngularJS 7 (basic), HTML/HTML5, CSS/CSS3, Bootstrap, JavaScript/jQuery, AJAX, NodeJS, NoSQL (MongoDB), Electron, JAVA, Selenium, REST API, GIT, Chrome Extension and other similar systems.

### **Technical Profile**

HTML/HTML5, CSS/CSS3, Bootstrap, JavaScript/jQuery, AJAX, Angular 7 (basic), NodeJS, NoSQL (MongoDB), Electron, JAVA, Selenium, REST API, GIT, Chrome Extension.

### **Tools**

Visual Studio Code, Sublime Text, Selenium, Eclipse, Robo 3T, AutoMaTics(Tech Mahindra Automation Tool), MongoDB, Postman, Adobe XD for designing creative wireframes.

### **Functional Skill Sets**

- Have managed complete front end of Automation tool **AutoMaTics** (JAVA, Selenium, HTML5, CSS3, JavaScript, jQuery and Electron based) and its interaction with the backend using APIs which reduces tester's job of creating test case from complex code to simple UI based click and create methodology.
- Led the team when tasked with complete overhaul of AutoMatics UI.
- Worked on Angular 7 based website which includes routing, services, components reuse, angular material, dependency injection, node.js with express for API and MongoDB as database.
- Experience in Automating Web Applications using Selenium WebDriver.
- Ability to work in a team oriented, collaborative environment, customer oriented, highly versatile, and innovative, good interpersonal and communication skills.
- Active participation in and Onsite-Offshore interactions with development, testing and environment teams.
- Strong problem solving, communication skills coupled with confident decision making for enabling effective solutions leading to high customer satisfaction and low operational costs.

### **Academic Qualification**

- Bachelor of Engineering in Electronics and Telecommunication from MMCOE, Pune, affiliated to University of Pune with aggregate percentage of **66.3** (first class with distinction).
- Completed 12<sup>th</sup> Science from St. Paul's School, Rourkela, Odisha (ICSE) 2011-2013 batch with a percentage of **73**.
- Completed matriculation from St. Mary's Convent School, Birmitrapur, Odisha (ICSE) 2001-2011 batch with a percentage of **91**.

### **Achievements**

- Received AQT Ninja certificate (Proficiency in Automation) in Tech Mahindra for successfully completing UiPath trainings and assessments.
- Got the 'Best Team' recognition in Tech Mahindra for excellence in Automation.

### **Extra-Curricular Activities**

- Cricket, Football, Gymming, Swimming.
- An avid Biker, traveller, technology and car enthusiast.

### **Declaration**

I hereby declare that the above information provided is true to best of my knowledge and belief.
